

### REMARKS

In the final Office Action dated November 14, 1994, the Examiner rejected claims 1-2 4-5, 9-10 and 16 under 35 U.S.C. § 103 as being unpatentable over U.S. Patent No. 4,779,725 to Gerber in view of U.S. Patent No. 3,061,057 to Miller. Furthermore, the Examiner rejected claims 3, 6-8 and 11 under §103 in view of other cited references. In response to this Office Action and in accordance with 37 C.F.R. § 1.116, Applicant has slightly amended independent claims 1, 7 and 16 to place in condition for allowance by including a limitation demonstrated in **Figures 2-4** that the inner surface of the removable single-walled panel member is "substantially planar", contrary to the teachings of both Gerber and Miller. Such amendment was discussed with the Examiner in a telephone conference with the undersigned attorney on April 19, 1995.

### CONCLUSION

In view of the amendments and remarks made above, it is respectfully submitted that the pending claims are in condition for allowance and such allowance at the Examiner's earliest convenience is respectfully solicited.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN
